

**AdvancedIO Receives a Vote of Confidence by the  
Branham Group  
Vancouver, British Columbia  
May 24, 2006**

AdvancedIO Systems Inc. is pleased to announce that the company has been selected and recognized by Branham Group as one of the top 25 companies on the "Canadian Up and Comers" list for 2006.

"Each company identified in this portion of the Branham300 listing must meet our high standards and expectations by demonstrating thorough planning and marketing skills, creating the right partnerships, and producing a valuable product that can be applied to benefit the communications market," said Wayne Gudbranson, President and CEO of Branham Group. "Throughout our rigorous selection process, we have recognized AdvancedIO for their innovative 10GbE technologies and potential market opportunities. We will continue to keep an eye out for them as to see what they have in store for us next."

"AdvancedIO has been executing on a business plan we envisioned just over two years ago, and we are proud to announce our selection to this prestigious list," said Mohammad Darwish, President and CEO of AdvancedIO. "I would like to acknowledge each member of our team for their contribution to the ongoing success of our company."

### ***About AdvancedIO Systems, Inc.***

AdvancedIO is the market leader in configurable 10GbE connectivity and packet processing solutions for the embedded computing market. AdvancedIO's product family provides outstanding packet processing performance in conjunction with application flexibility, a feature that is lacking in fixed-functionality NICs. Furthermore, AdvancedIO products enhance overall system performance beyond what current NPU-based systems can achieve, which makes them ideal for emerging high-performance military/aerospace and telecom applications.

AdvancedIO is a privately held company established in 2004 and is located in Vancouver, Canada. We pride ourselves on our ability to work with customers and partners to create value on a win-win basis.
